VIP+ Sliding Rail System

VIP+ Sliding Panel System

VIP+ Sliding Door System

eisysVISUAL VIP+ Series

> From an oversized Classroom Presentation System to a sliding wall dividing a specific space to a sliding door that can be used for presentations in small spaces, eisysVISUAL offers our new VIP+ Series.

VIP+ Sliding Rail System

- > Ideal for large classrooms or conference rooms.
- > Creates a multi-level presentation system using wall mounted e3 Porcelain Enamel Steel Whiteboards or Chalkboards.
- > Combining a heavy duty sliding rail with our Wall Mounted VIP Series, we can achieve larger than ever surfaces that are perfect for writing, projecting or hiding media with a superior surface.
- > Contact eisysVISUAL for fabric options and other usable materials.

VIP+ Sliding Panel System

- > The floor to ceiling panels utilize our e3 Porcelain Enamel Boards combined with Fabric Boards that can stretch up to 12'h.
- > Anchored in the ceiling with a guide track, and to the floor with roller tracks, the VIP+ Sliding Panel System provides a distinctive double-sided divider creating flexible meeting spaces, work stations and group activity spaces.

VIP+ Sliding Door System

- > The can be used with or without other VIP Series Components to create a presentation board for small rooms, break rooms, or other spaces occasionally needing privacy.
- > Contact eisysVISUAL for pricing and information.
